# About Klinik Application

- Key purpose: Simplifying doctor-patient interactions and appointment booking.
- Key features: Role-based access for users, doctors, and admins.

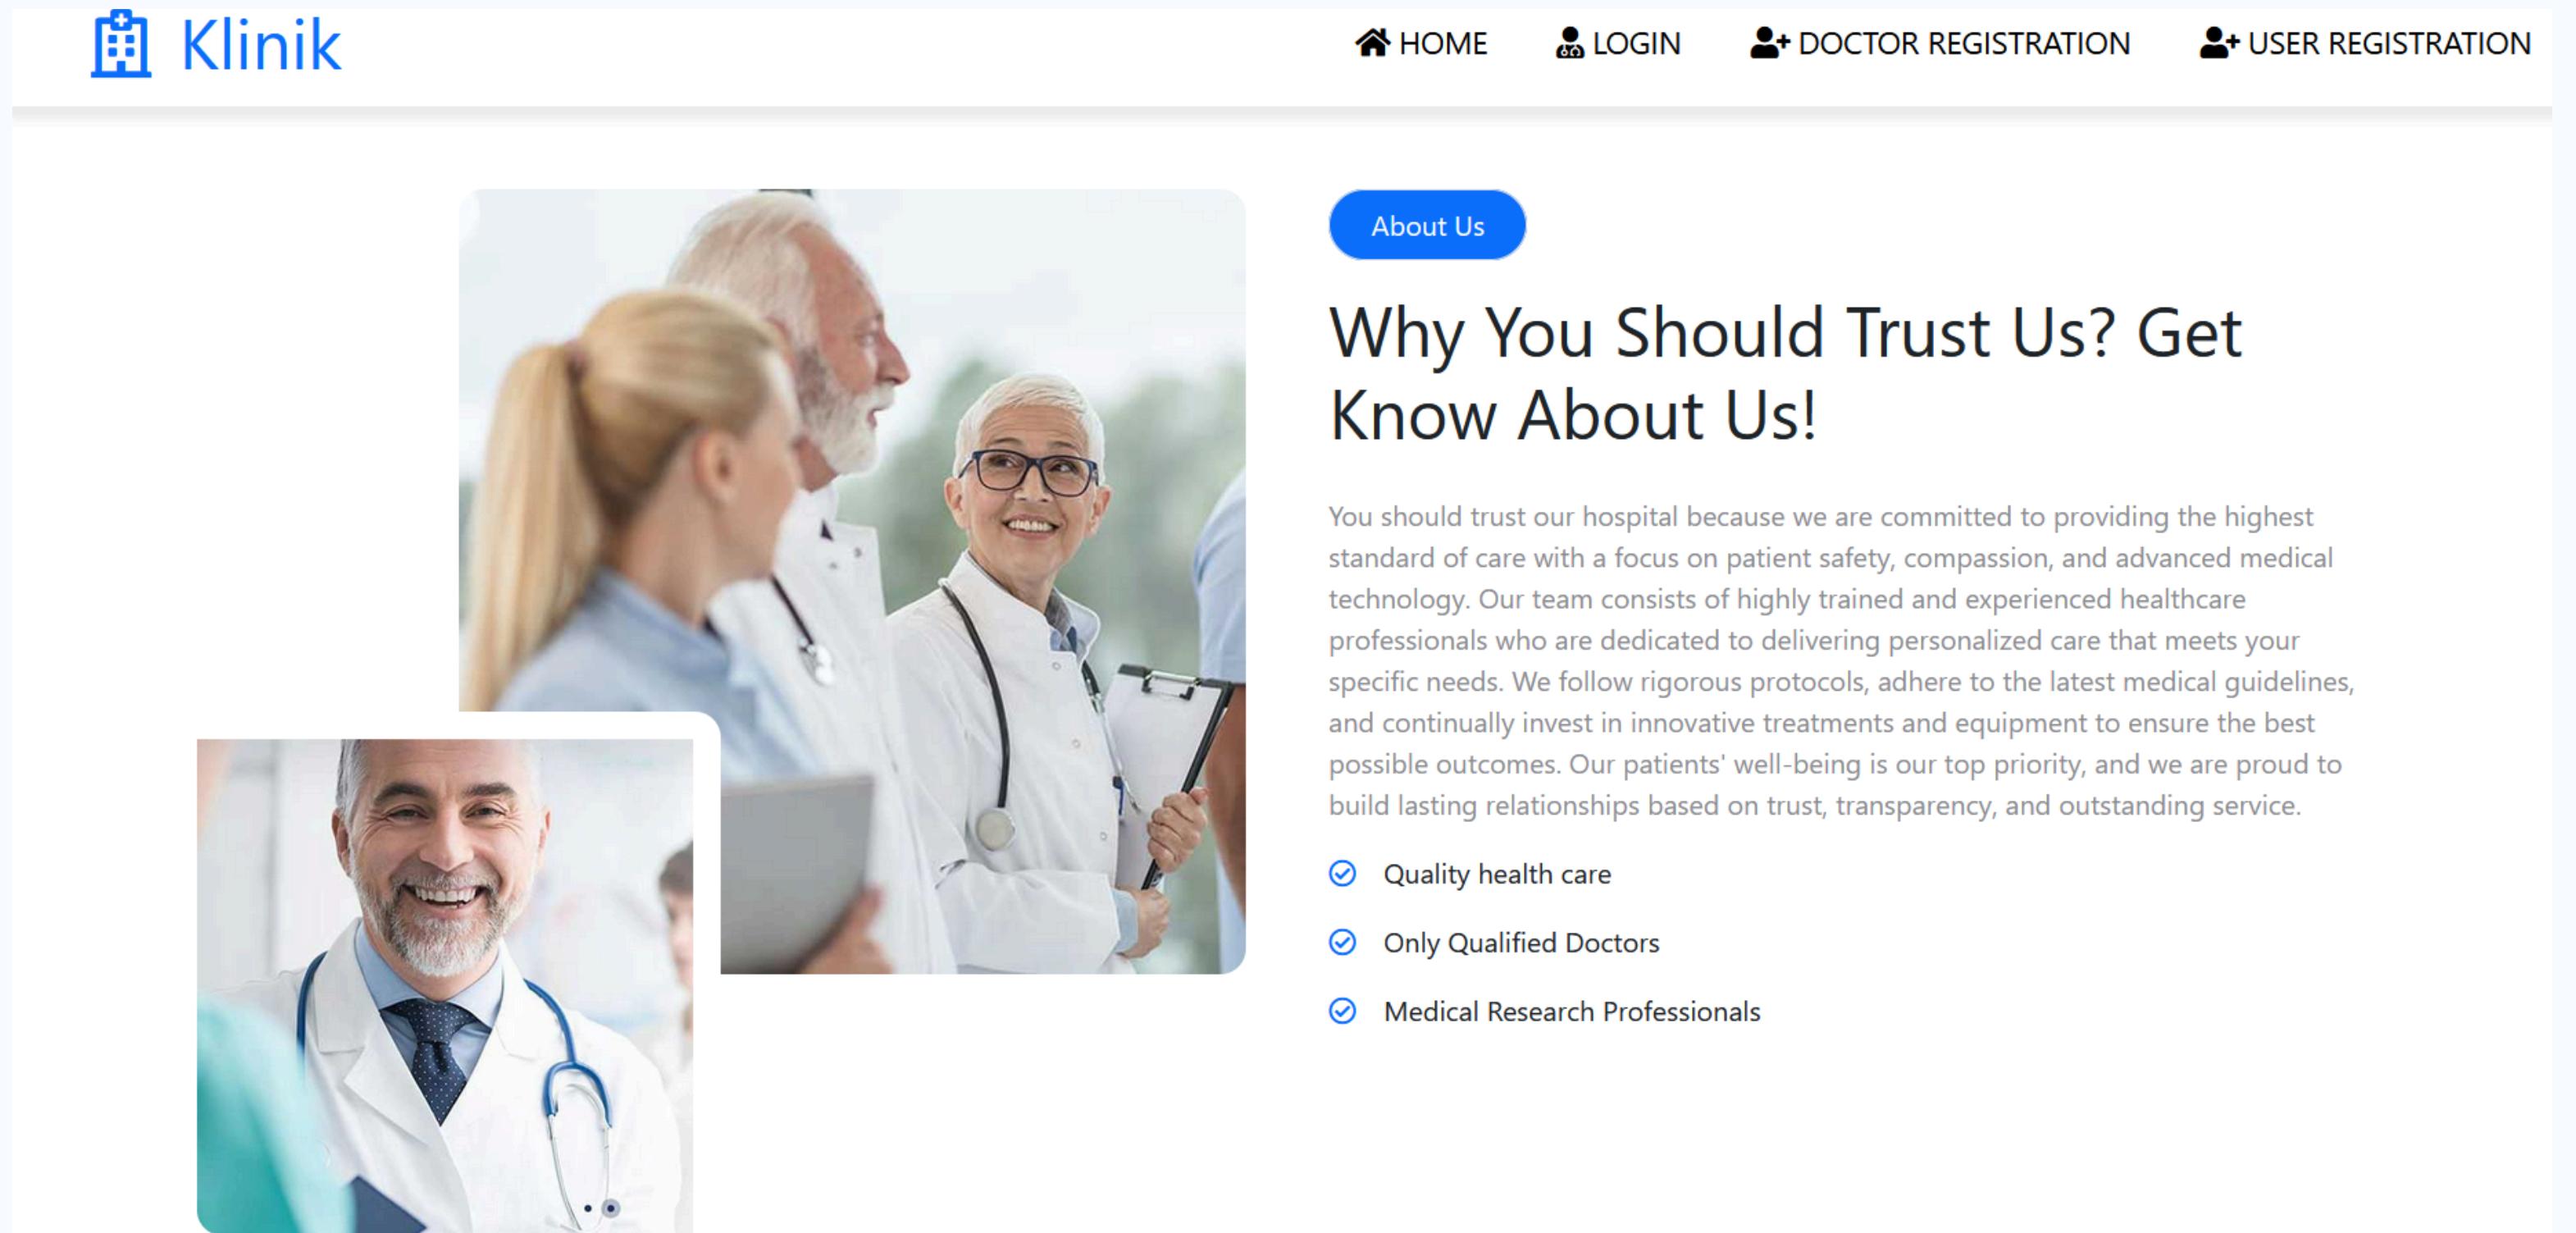

# Use of Klinik Application

1. Allow patients to easily schedule appointments with preferred doctors.
2. Provide doctors with a convenient way to manage their appointment schedules.
3. Improve efficiency in outpatient appointment booking and management.
4. Enhance patient satisfaction by offering a seamless and user-friendly interface.

# Homepage and Navigation

## Key elements:

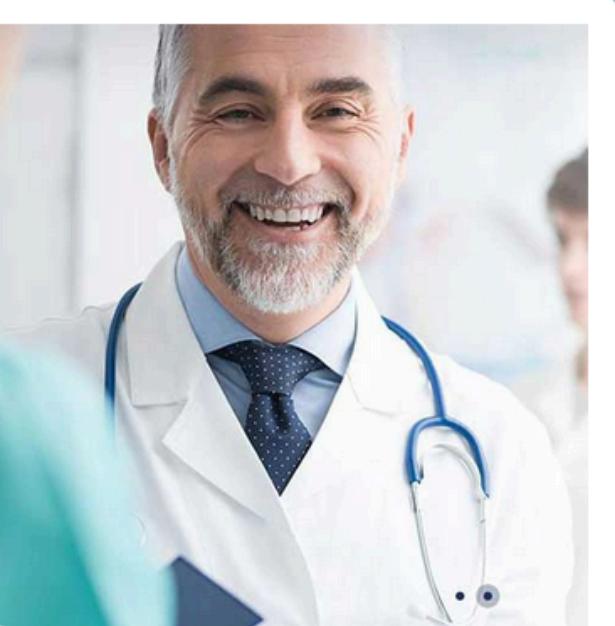

- Navigation bar with icons (Home, Login, Doctor Registration, User Registration).
- "About this application" section.

The screenshot displays the homepage of the Klinik application. At the top, there is a navigation bar with four items: "HOME" (represented by a house icon), "LOGIN" (represented by a user icon), "DOCTOR REGISTRATION" (represented by a user plus icon), and "USER REGISTRATION" (represented by a user plus icon). Below the navigation bar, there is a large image of three healthcare professionals: a woman in the foreground with blonde hair tied back, and two men in the background, one older with a white beard and one younger with glasses. To the right of this image, there is a blue button with the text "About Us". Below the "About Us" button, there is a heading "Why You Should Trust Us? Get Know About Us!" followed by a paragraph of text explaining the hospital's commitment to quality care. At the bottom of the page, there is a list of three bullet points: "Quality health care", "Only Qualified Doctors", and "Medical Research Professionals".

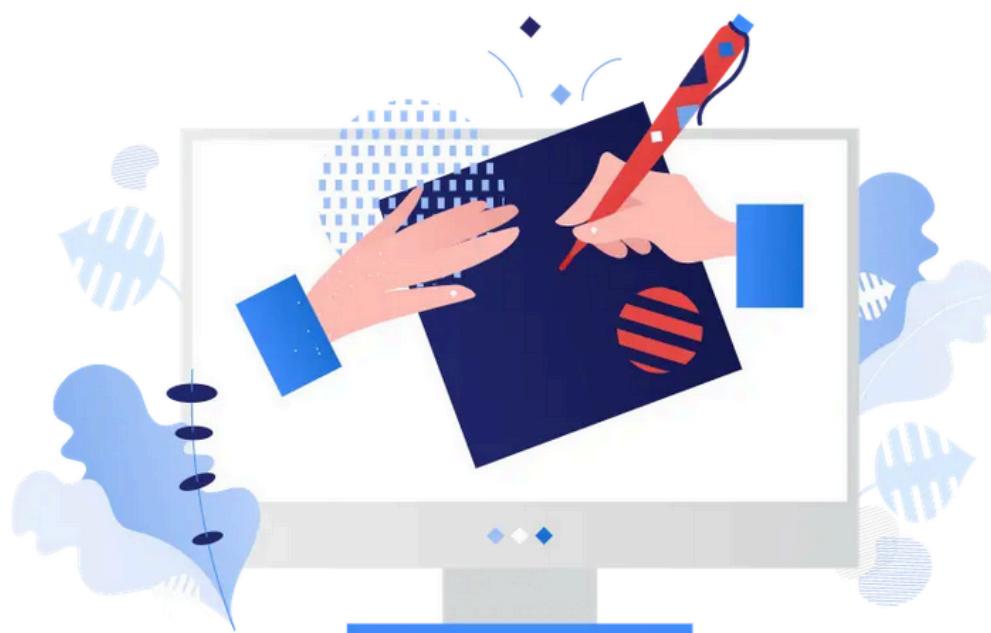

**About Us**
